

**KIBBUTZ**

*Transparent, Democratic*  
**Philanthropy**

# OPPORTUNITY IN PHILANTHROPY

US\$ 373,000,000,000

Donations from **USA**  
**alone** in 2016

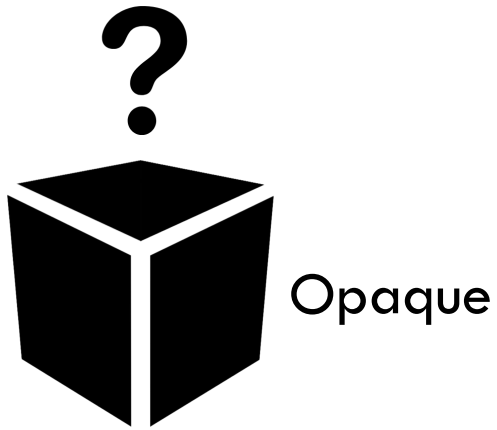

**Hong Kong's GDP**  
in 2016

Drawn to scale

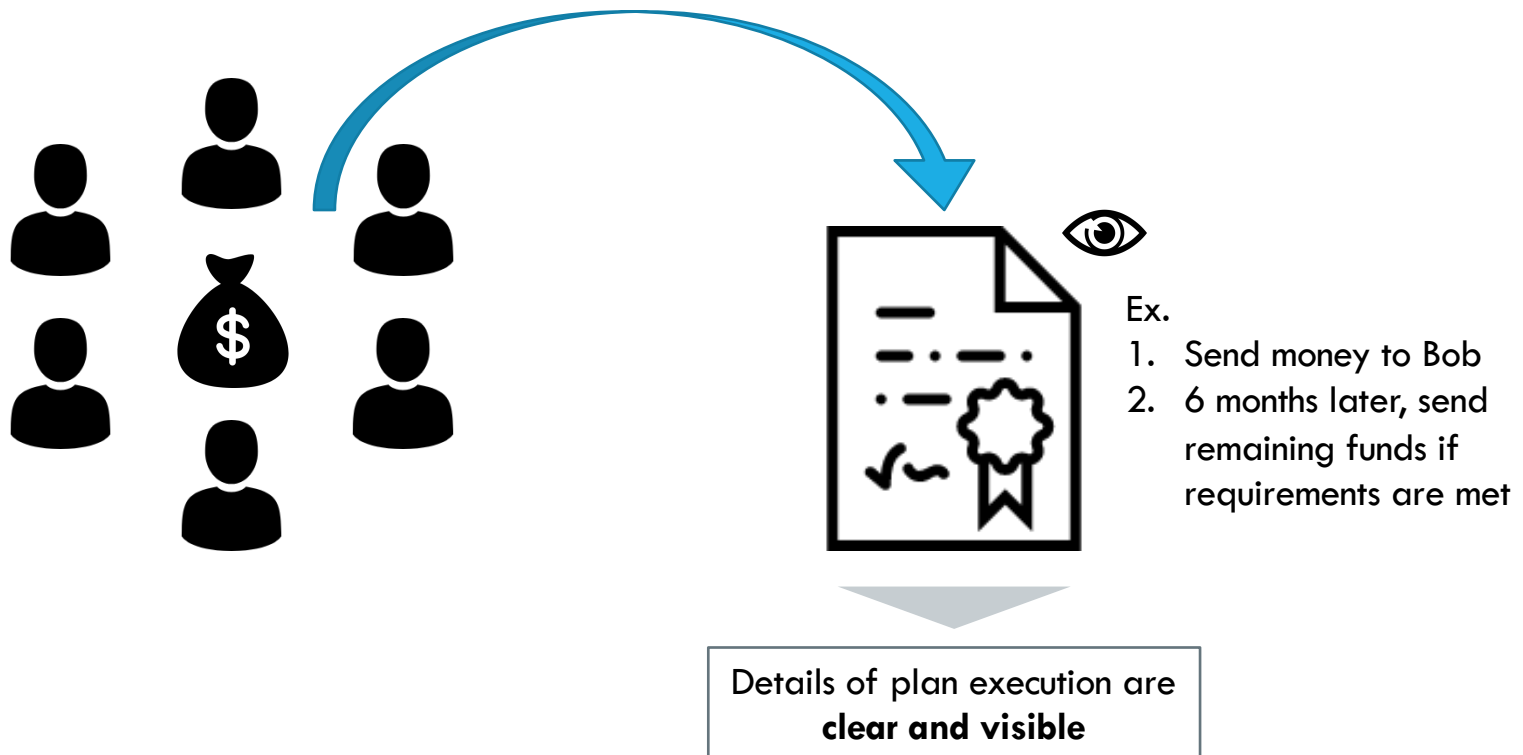

Philanthropy = Big Deal

## DIFFICULTIES WITH DONATING...

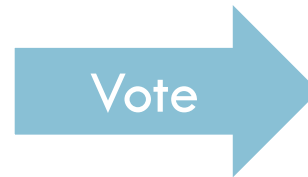

# TRANSPARENT SOLUTION

# DEMOCRATIC SOLUTION

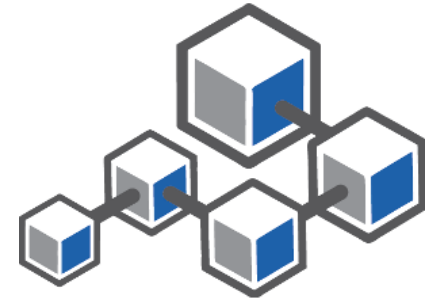

Influence concentrates to most active and trusted people in network

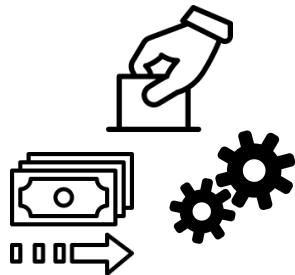

+50% votes

1. Contract is proposed by members of community
2. Members receive rewards for successful proposals

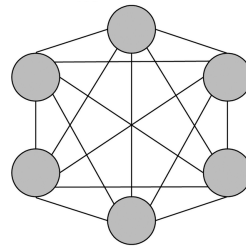

# WHY USE BLOCKCHAIN?

Enforces **robust** transparency and democracy

Voting, money transfer,  
contract execution

No centralized administrator

Power is ultimately in the  
hands of the people

Every transaction can be **tracked on blockchain itself**, independent of Kibbutz
